

AQUATIC TECHNOLOGIES

The Aquatic Weed Control Experts

PRODUCT: **AQUATIC WEED RAZER**

TARGET: **EMERGENT AQUATIC WEEDS**

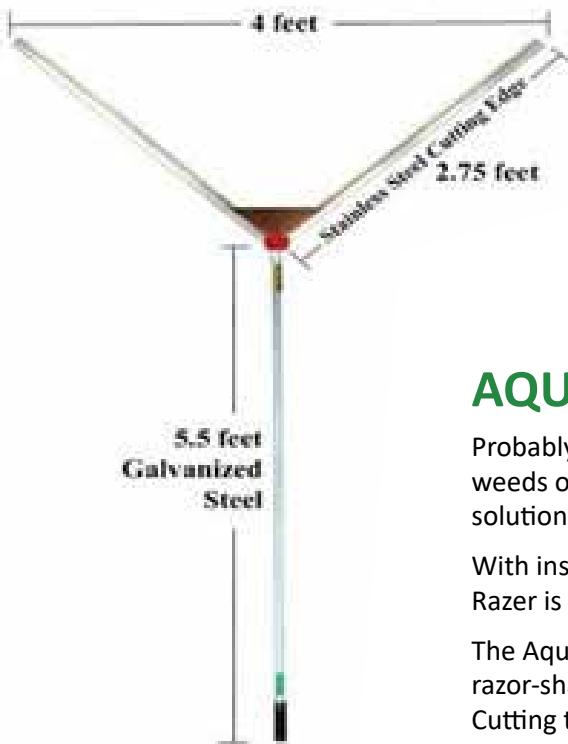

Common Reed

Spike Rush

Cumbungi Bullrush

Remove unsightly and problematic aquatic weeds from your pond, dam or lake effortlessly from our select range of Aquatic Weed Razers.

AQUATIC WEED RAZER

Probably the most practical way to eliminate submerged and surface aquatic weeds on water, the Aquatic Weed Razer trio of products offers an easy-to-use solution for aquatic weed control and elimination.

With instant results and no need to get in the water yourself, the Aquatic Weed Razer is the perfect one-time investment that's cost-effective and really works.

The Aquatic Weed Razer is a simple V-shaped, fixed-blade weed cutter with razor-sharp blades that make short work of cutting up stubborn aquatic weeds. Cutting through practically any type of submerged aquatic vegetation, this product lets you tackle everything from Milfoil to Lily Pads, Pond Weed and even Cumbungi.

SAFE FOR

Drinking Water, Swimming, Irrigation, Stock, Fish, Aquatic Plants, Pets, Wildlife, The Environment, Hydroponics & 100% Natural.
